# ONE STOP SOLUTION FOR **LABORATORY**

## SECTION A: OPTICAL SPECTRUM INSTRUMENT

- A.1 UV/ VIS Spectrophotometer
- A.2 Micro Volumn Spectrophotometer
- A.3 Flame Photometer

## SECTION B : SAMPLE PREPARATION INSTRUMENTS

- |   |   |
|---|---|
| B.1 Hotplate, Stirrer, Hotplate Stirrer | B.7 Portable Incubator                            |
| B.2 Mock Hewer                          | B.8 Tube Roller Mixer, Vortex Mixer, Rotary Mixer |
| B.3 Sample Concentrator                 | B.10 Lab Rocker, Lab Shelter                      |
| B.4 Melting Point Device                | B.11 M. Centrifuge,                               |
| B.5 PCR (Polymerase Chain Reaction)     | B.12 Sterilizer                                   |
| B.6 Electronic Pipette                  | B.13 Rot, Evaporator                              |
|   | B.14 Ultrasonic Cleaner                           |

## SECTION C : OTHER INSTRUMENTS

- |  |  |
|--|--|
| C.1 PH/TSS/TDS/DO/Multi parameter (Pocket/ Portable / Bench – top / Online Series) | C.15 All kinds of Incubators (BOD Incubator, Illumination Incubator, Middle Incubator, Constant Temp & Humidity Incubator) |
| C.2 Turbidity Meter (Portable/ Bench-top Series)                                   | C.16 Muffle Furnace (Ceramic / Box Type)   |
| C.3 Colorimeter (For Free chlorine, Chlorine Dioxide, Total Chlorine, COD, etc)    | C.17 Laminar Flow Clem Bench (Vertical & Horizontal, 1 person or 2 Person)   |
| C.4 Gloss Meter (Single, Double and Three angles )                                 | C.18 Fume Hood   |
| C.5 Whiteness Meter (Portable / Bench-top Series)                                  | C.19 Refrigerator  |
| C.6 Polarimeter (Manual / Automatic Type)  | C.20 Ultrasonic Homogenizer  |
| C.7 Refractometer (Pocket/Manual/Automatic Type)                                   | C.21 Kjeldahl Apparatus  |
| C.8 Viscometer   | C.22 Freeze Dryer  |
| C.9 Halogen Moisture Analyzer  | C.23 Autoclave   |
| C.10 Microscope  | C.24 Centrifuge  |
| C.11 Balance   | C.25 Water Distiller   |
| C.12 Water Bath  | C.26 Bio safety Cabinet  |
| C.13 Heating Mantle  | C.27 Ire Maker   |
| C.14 Dry Oven (Dry Oven, Hot Air Sterilizer. Vacuum Oven)                          | C.28 Flash Point Tester  |
|  | C.29 Oxygen Bomb Calorimeter   |

# ONE STOP SOLUTION FOR **PROCESS**

## SECTION A : PROCESS INSTRUMENT

- A.1 COD BOD, TSS, PH, TDS, DO, TOC  
Online and Portable for Process and Outlet

## SECTION B : ANALYZER & DETECTORS

- B.1 CEMS as per CPCB and SPCB guidelines (Insitu System IR & UV Based)
- B.2 All types of Gas Analyzer
- B.3 All Types of Gas Detectors (Multi & Single)
- B.4 Flue Gas Analyzer
- B.5 Air quality Monitoring System
- B.6 Particulate Matter (PM 2.5, PM 10 )
- B.7 Weather Monitoring System
- B.8 Instrument for Flow, Velocity, Lux and Noise Analysis
